

TOGETHER; STRONGER

2020-1-RO01-KA229-079906

C4 Activity: Lithuania "Group activities, development of motivation and self-confidence"

03.10.2022 - 08.10.2022

Erasmus + Projcet **"Together, Stronger!"** (2020-RO01- KA229-079906_1)

Partciipants: teachers and students from **Turkey, Lithuania, Portugal and North Macedonia.**

Period: 3.10.2022- 8.10.2022

Place of the mobility: Kedainiu "Spindulio" Mokykla, Kedainiai, Lituania

The first day started with getting to know each other sessions, the presentation of the host school and watching a small show made with the students with SEN from that school: Kedainiu "Spindulio Mokykla" Kedainiai, Litunia.

The first mathematical activity was carried out with the application of the Montessori method, where cakes were made in the form of geometric figures.

The second day: the presentation of the specific nature of the host country; the presentation was also necessary for the realization of the "Discover" educational puzzle.

Natural materials were collected and used for the "A Wonderful World" activity. The day also ended with a visit to the Krekenava regional park.

The third day was dedicated to musical activities. A "Choir" was created with all the participants of the project and ended with a mini-show for the students of the host school. We then visited the "Folk Museum" in Rumsiskes, where we discovered some of the musical instruments and sang traditional Lithuanian songs, accompanied by these instruments.

Day four was dedicated to sports activities. We were impressed by the results from various national and international sports competitions for people with disabilities in which they participated. Then a football tournament took place, held at the sports hall in Kedainiai. The student Chirilă Albert won the title and the goal scorer trophy.

The last day of the Erasmus Project + "Together, Stronger!" considered the festive moment of handing out certificates of participation and included the positive feedback of the activities carried out during this week.

The mobility experience in Lithuania had a beneficial impact on all participants through raising their motivation to learn, using their communication skills, working in teams with their peers, with the final day ending with a cultural trip to Trakai Castle and the capital of Lithuania, Vilnius.
